

Description:

This deep cleansing back treatment helps to target breakouts, control excess oil and reduce bacteria caused by sweat and hormones. To ensure clean skin, instruct client to bring a clean t-shirt to wear after the treatment.

CLEANSE

1. Dispense 3 pumps of **Gentle Facial Wash** to palms and emulsify with water to create foam. Massage onto back for 2-3 minutes, focusing on areas of congestion, remove with warm towels.
2. Dispense 3 pumps of **Sal X Purifying Cleanser** to palms and emulsify with water to create foam. Massage on to back for 2-3 minutes, focusing on areas of congestion, remove with warm towels

TREAT

3. Prepare skin for extractions. Dispense 2 tsp **Oxygen Deep Pore Cleanser Or Anti-Aging Masque** and apply evenly to skin. Apply steam to skin or hot towel and leave on skin for up to 10 minutes. Perform a hand and foot or scalp massage while masques sit. Remove bulk of foam with a wooden spatula, then remove with cool towels. Perform extractions.
4. After extractions, apply **Skin Astringent #2 or #5** to a cotton round and wipe down areas that were extracted. Cold globes maybe used to reduce inflammation.
5. Apply 2 tsp **Sulfur Masque** to entire back and allow to sit for 5-10 minutes. Remove with warm towels.
6. **Diamond Bright Skin Lightener** and **Oxygen Treatment Cream**. Dispense 2-3 pumps of serums to palms and apply to the entire back.
7. Spot treat areas of congestion with **Skin Medication #5 or #10**. Remember that benzoyl peroxide can lift colour, so client should use a t-shirt that is white or not important.

BALANCE

8. Cocktail 1 tsp **Derma Pigment Skin Brightener** and 1 tsp **Skin Restoring Fulvic Elixir** and apply to the entire back.
9. Dispense 2 tsp of **Comfort Cream** or **Arnica Cream**. Apply to the entire back.
10. Apply a small, grain size amount of **CBD Regenerative Eye Cream** to entire eye area and massage until absorbed.

PROTECT

11. Finish with **Photo-Age Environmental Protection Gel 15**. Apply a small pea size amount to face, neck, and décolleté and any other areas exposed to UVA/UVB Rays.

Recommended Treatment Time: 45 minutes
